NO LIMITS *to our future*

We made it to our senior year and we are determined not to stop there. Our class has no boundaries, no restrictions, no limits. After four years of unforgettable memories it is finally time to move on with the next stage of our lives. The friends that we made and the people we met made the last four years here a great experience. Now it's time to grow and make our way towards the limitless future.

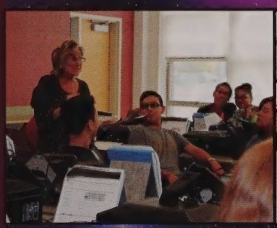
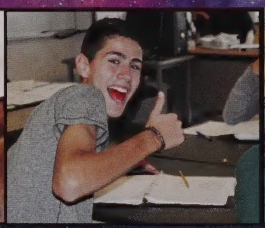
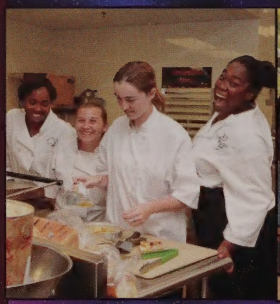
NO LIMITS

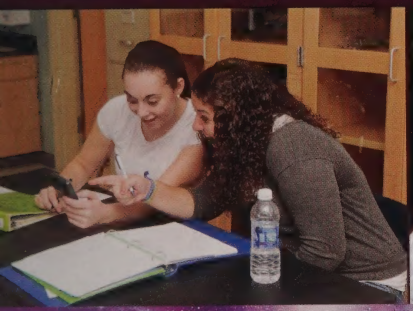
Class of 2014 Over The Years

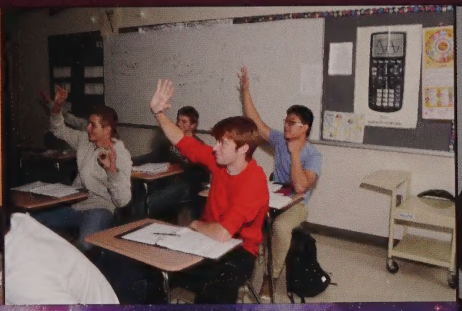
We've been together for the past four years, growing together. There's been ups and downs, but through it all, we've stayed close. Our future has *no limits* and we can do anything if we put our minds to it. We'll never forget the memories and friends we've made.

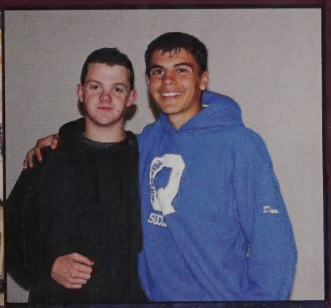


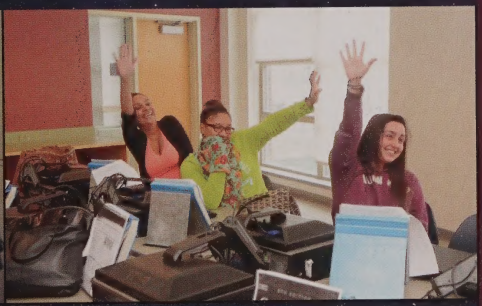


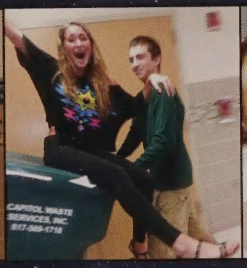












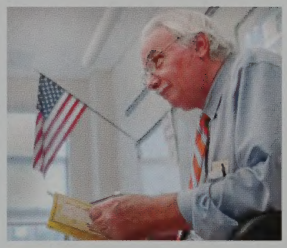
CAPITOL WASTE
SERVICES, INC

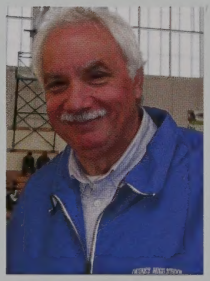
Before we arrived in high school, the new Quincy High was being constructed. Right when we completed middle school, the new building was finished. It was new for everyone, but now, being the first class to go all four years here, we'll always have a special place in the school's history. The summer going into our senior year, we experienced the demolition of the old Quincy High. This marked a new beginning for the school and the Class of 2014.

THEN

Mr. Santoro, principal of Quincy High School for the past eight years, retired at the end of our junior year. Right when you walked into school, you could be assured that Mr. Santoro would be at the front door to greet you. After school, you could find him at any sporting event cheering his school on. After three years with Mr. Santoro, we've gotten to know him very well, but it was time to say good bye. We appreciate all he has done for our class and the school as a whole wishes him well.

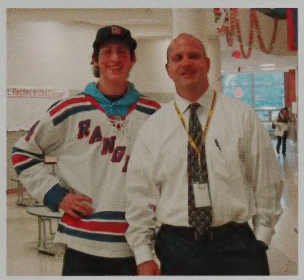
MR. SANTORO

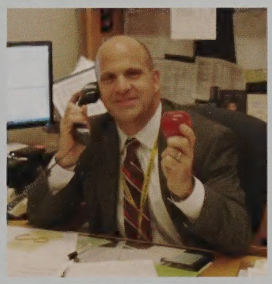




Now

Mr. Taglieri





Former principal of Broadmeadows, Mr. Taglieri stepped up to the position of the principal of Quincy High School when Mr. Santoro retired this year. It was a hard role to take up, but Mr. Tag quickly adjusted to the job. During lunches, you'll see him walking around the cafeteria conversing with students about activities, sports, and current events. This is the beginning of a wonderful journey that Mr. Taglieri will take together with the students and staff at Quincy High School.

Golf

"Our Senior Captain **Michael Pugsley** played consistently great golf all season and I am hoping he can wrap up his high school golf career with a good showing in the upcoming Sectional tournament. Mike put together some great rounds this season, consistently staying close to par in many of the matches in our difficult Patriot League schedule", said **Coach Venturelli.**

Chris Smith held down the #3 spot all year

Although the golf team had one victory throughout the season, they learned that winning isn't everything, it's all about having a good time.

Matt McLellan had a huge contribution in the win against North Quincy.

"We had over 20 boys come try out in late August and we couldn't be more thrilled. We tried to hold onto all of them and it produced some very promising players". said **Venturelli** and volunteer assistant, **Dom**.

Girls Volleyball

The girls volleyball team had a extremely successful season with fourteen games won and only seven loses. The team was led by senior captions **Courtney Ryan, Rachel Papile, Gabby Zorkers** and **Taylor Parry.**

GIRLS SOCCER

Girls soccer has had many ups and downs throughout the past four years, but this year they came out and surprised everyone. This time, they came very close to beating some of the best teams in their league which was never possible before. The girls soccer team worked as hard as they could to send a message that they would not give up under any circumstances, and were going to be a threat to every team they played. Coach Harnais showed the girls what it really meant to be a team, and that's exactly what they did this year.

BOYS SOCCER

The boys soccer team is one that has shown grit and hard work over the past season. Presented with tragedy, the team was able to move through it together. Fall Play

This year's Fall Play was *Don't Drink the Water* by Woody Allan. It was produced by Mr. Tom Doucette. The play is a farce written by Woody Allan in the '60s. It is the story of Axel Magee, the son of an American Ambassador, who is put in charge of the embassy in the absence of his father. Axel is a fool who can never get anything right and has one more chance to succeed before his father fails him.Things are going smoothly for Axel until the Hollanders, a family from New Jersey burst into the embassy being chased by the Secret Police. They take assylum in the embassy, but have no other choice but to escape to get back home. However, escape isn't easy when it is being organized by a crazy priest and a love struck fool. The show was hilarious and had an amazing cast and crew.

Cast

Father Drobney – Marcus Johnson
Ambassador Magee – Matt Mroz
Mr./Mrs. Kilroy – Aiden Dennis/Terry McMillen
Axel Magee – Zach Latini
Marion Hollander – Lydia Culp
Walter Hollander – Austin Kimmell

Thanksgiving Game

QUINCY WINS AGAIN For the second year in a row, QHS defeated North at the Thanksgiving game, a final score of 14-0!

Alex Alexandre, along with Jahvae Handsome-Fields, scored touchdowns– Thomas Silva kicked extra points for both touchdowns!

Strong defense was given, especially by Dan Guarente, with a recorded thirteen tackles.

Alex Alexandre, a leading rusher, had four yards a carry average, and ran 76 yards overall!

Senior captains Matt Kozlowski and Matt Hines both had four tackles– Hines with one and Kozlowski with two sacks! Great job guys!

Desipte the cold weather the fans were there to cheer the boys on.

The cheerleaders had an outstanding half time performance and pushed through the bitter coldness.

The boys worked together to get one last game in before their final season of Quincy High football came to an end.

With everyone there to support the boys and cheerleaders they had a great victory over North.

CHEERLEADING

Throughout the past four years, this team has experienced more than anyone can imagine. But I couldn't think of going through it all without these girls. These girls have become like my second family. Things we never once thought were possible, we accomplished during this year. Freshman year, regionals weren't even in the question for us, but this year we made it. And we never would have without some special people putting in the effort to care about what we wanted as a team. During senior year, we have made some incredible memories. This team has made such an impact on my life that I will never forget, and they most definitely made my senior year unforgettable.

"Speak your mind-- even if your voice shakes" Maggie Kuhn

I came to QHS as a sophomore after a decade of private school and have no trouble recalling just how terrified I was. However, I can say with confidence that I regret very little that has happened these past three years. I discovered my passion for Art, sang in a musical, volunteered, geeked out, joined a Model UN, and made some amazing friends.
I hope the best for those who helped me become the person I am now during my years at QHS, even if we are no longer in touch.

(Thank you for everything Mrs. Ajemian, have a great retirement!)

Antonio Agcaoili

Antonio Agcaoili has proven time and again that he deserves the admiration from his peers and has defined what it was to be a "Quincy High School Icon". Antonio first made his mark to his class by being one of the first students to participate in Frank Santoro's freshman "Simon Says", on which he failed immediately. Antonio rose to prominence as an orator and politician by winning the coveted title of class Vice President and maintained the office despite several opponents until 2013. He also was the third freshman ever to be featured on the Quincy High School Morning Announcement (after Connor Dane and James Askins respectively). Putting his political career at stake Antonio ran for the office of Class President in 2013, losing by a miniscule margin of sixteen votes and was reassigned to Class Secretary. Despite the setback Antonio continued on and has done great things. Antonio has lent his voice talent's to Anthony D'Alto's "Funky Fred and Such" an award winning animated series playing the character "Egg". October 7th 2013, Antonio audition for Quincy High Drama's production of "Don't Drink the Water", eventually gaining the role as the "Sultan of Bashir" and made his stage acting debut that November. Also Antonio and his fellow Broadcasters produced "Camera Carol" their very own Christmas Album. With all these achievement, you'd have to wonder who was really behind them. Antonio was influenced throughout his time at Quincy High by his fellow peers who drove him and the dedicated staff who guided him. He'll never forget the support of his many friends who were always there in his time of need and the teachers; who with tough love inspired him to be the best. He greatly appreciates and will cherish the memories he made in the walls of Quincy High School. Whether you remember Antonio Agcaoili from his great speeches, his contribution to class discussions, his appearance on the Morning Announcements, his fascination with Lady Gaga, or any other manner, he will be content, knowing he's made his mark on the people he's met. And for one final time, have a great day Quincy High School.

Fatmah Berikaa

As freshmen, we were told that the next four years of our lives would fly by, and not a single one of us believed it. To us, the seniors were just that: Senior Citizens. We would never be that old! However, as my high school career comes to a close and I look back to the continuous rush of classes, meetings, and activities, I feel like we've blinked our eyes and are now magically seniors. Although it doesn't feel like much has changed, watching the freshies fumble through the hallways makes me realize: we are now that old. Although I look forward to life as an adult, I can't imagine what things will be like without my Quincy High Family. It's difficult to envision a single day without the cozy halls and familiar faces we've come to rely on.

And now to begin the staff shout outs: Firstly, I would like to thank my amazing teachers who have nudged, shoved, and dragged us to graduation. Although we have our moments and love to complain about this test or that assignment, their passion for their subject and students is both

motivating and inspiring. I would also like to take a moment and thank every single member of the Guidance Department for their patience, dedication, and expertise. A special thanks to Mrs. Paul for making the office a such a welcoming place, and to Mrs. McGeady for putting up with my millions of questions and the occasional "freak out" session. For suffering through thre years of being my teacher and mentor, thank you Mrs. Ajemian! Thank you to my many club advisors including Mrs. McNeice, Mr. Natalizia, Mrs. Lundquist, Mrs. Good, Mrs. Boudreau, Mrs. Eldridge, Mrs. Twomey, and Mrs. Amira for all of their time and hard work.

Of course, my life wouldn't be what it is without the many friends who have always been there for me. Although I don't know where we will be twenty years from now, I am glad to have had the privilege of getting to know and grow with each and every one of you. The first shout out goes to my Lunch Club Girls, who would rather have a venting session than a pop tart and who manage to make me laugh even on my toughest days Love you guys!! Next shout out to the members of Book Club, Model U.N, Interact, National and Science Honors Society, Pony Express, Docents, and Cultural fair for being so awesome and making each and every meeting so much more than just business as usual. Last but not least, I have to mention the select few who've gone through the ups and downs of high school with me from the first day of Freshman year all the way through to graduation: the six of you will always be near and dear to me and I don't know what I would have done without you.
Good Bye and Congrats to the Class of 2014, Best of Luck To You All!! <3

Catherine Cyr

My name is Catherine Cyr, I am a senior at Quincy High School. I'm in the school choir. I enjoyed playing the shaker at the Holiday concert in 2012. I liked joining the choir because it taught me how to be a better singer.

My favorite teachers are Mrs. deVarennes, Mrs. Pantano, Mr. McAllister and Mrs. Forrester. Mrs. deVarennes taught me a lot about science. Mrs. Pantano helped me grow into a mature person. Mr. McAllister helped me understand more about history. Mrs. Forrester taught me how to use the computer better.

"You know that in nine hundred years of time and space and I've never met anybody who wasn't important before." - Doctor Who

Shout out to the entire English department. Also another shout out to my friends, I would do anything for you guys except for running, jogging, or climbing stairs. You made high school memorable.

Timeka Dixon

My high school experience was filled with good and bad days. The only thing for you to do is focus on things that need to get done such as maintaining good grades and graduating. I'm going to leave Quincy High School with a few good memories in the back of my mind. Memories of all the friends I made and got close to, spending all my money at the cafe and the school store, and lastly bonding with a lot of teachers. If you really think about it, your high school cla grows to become your family.
Shout out to Mrs. Broughton, Mr. McNeice, and Mrs. Hoyt but lastly shout out to the class of 2014! I wish you guys the best.
Good-Bye Quincy High School.

Jasmine Doan

Damn, where have the years gone? I could just remember my first day of high school and now I'm a senior! I loved supporting our QHS boy's football and basketball teams even through the rough seasons. I didn't think High School would go by so fast, it's like I just blinked and now I'm a senior. I wanna thank my friends Timeka, Tycia, Festus, Mia, Ang, Rodi, and all my Asian Ayer crew. Those were the people who kept it live for me and got me through my High School years. Thanks to Mr. Greene, Ms. Carvalho, Ms. Principi, Ms. Anderson , and Mr. Noe for all the help and the helpful advice to help me enter the world of college. I LOVE IT!!!

Maurissa Erhardt

Things that made high school memrable for me:
-Meeting the teachers and staff
-Metting new friends
-Making honor roll and distinction
-Getting perfect attendance
-Being in the first class to start at the new Quincy High School
-Attending Homecoming, Semi, and Prom
-Rally Day
-Spirit Week

Shout outs:
I want to make a shout out to all my teachers who made me the successful person I am today, I am grateful, honored, and blessed to have met all of you. I enjoyed the experience and time with you. You have made my high school experience amazing and I couldn't have done it without you. Thanks to all of you, I have overcome my struggles and learned to face them along with pushing myself to succeed and also being the best that I could be despite my disabilities. I will now carry the memories with me as I go off to college and move forward in life. I will never forget this school and everyone in it, I will truly miss all of you but I wish you all the best. I am proud to be a student at Quincy High and I will carry out its name and meaning. Thank you.

(if someone else is doing this quote too please let me know and I will change it to something else!!)

Shoutouts:
Shoutout to the English Department for making me realize how much I want to be teacher. Shoutout to all of the amazing people that I've met these past four years; I wish you guys all the best and I can't wait to see what adventures life takes you on.

Activities (I don't know if anyone else is putting their activities down? So if no one else is please don't let me be the only loser with them haha)
- QHS Soccer (JV co-captain for 2 years) (9-11)
- QHS Softball for 4 years (JV captain for 1 year)

- QHS Philosophy Club for (11-12)
- The Pony Express (11-12)

Elizabeth Le (Liz)

My name is Elizabeth Le, but everybody calls me Liz.

Some things that made high school memorable for me were definitely my friends I made throughout my four years here. The friends that made an impact on me, I'm hoping to continue our relationship through and after college. So shout out to Brandi Parker, Cindy Nguyen, Thao Duong, Paola Torres, Phyllis St-Hubert, Claudia Barzola and my childhood friends from Merrymount and etc. The Prep Rally, Spirit Week, being on the volleyball and track team, and being in NHS, SkillsUSA, and other clubs and especially being a senior made it memorable. Shout out to Mrs. Carvalho and Mr. Welch for being the two best teachers and making my years at QHS a ease.

"Life could end at any second so enjoy what you have, don't dwell on what you don't have."
Taelor Chardae

Amanda Lee

We did it. We survived the four insufferable years of high school.

Leaving QHS has left this empty, hollow feeling. It's strange to think we won't have to wake up ridiculously early and fight traffic on Hancock Street everyday to get to school. It's strange to think that we won't be interacting with our fellow QHS students and teachers on a daily basis. It's strange to think that life, as we currently know it, will be completely different.

Thank you to the people who made high school a bit more bearable for me. Thank you Mrs. Martin, Mr. Howard, and Ms. Kabakoff for keeping me sane and allowing me to vent throughout my high school career. Thank you Mr. Doyle for being the most lenient and understanding homeroom teacher ever. Thank you to Mr. Bretsch and Mr. Gendron for making me laugh, although most of it was at my own expense. Thank you Mr. Ellis for making me appreciate story analysis and also for having a sense of humor.

Shout out to my fellow seniors Kristen, Iqrah, Hodan, Fatima, Trang, Fatmah, Lindsey W, Kelly M, Diana W, Kathryn M, Paola, and Mandy Flawless. Thanks for all the memories especially at the lunch tables! Stay fabulous and keep in touch! Cheers to our final year Class of 2014!

Kelly McDonald

Can you believe it we are finally graduating! All this work for 12 years has finally come to an end. Once we are handed that piece of paper, our lives in the real world begin. I want to thank my parent for raising me to be the person that I am proud to be today. I have made so many great friends along the way that I wish to still have all through college; Diana, Mersadyse, Kathryn, Lindsey, Amanda, John, and Kristen. Kristen we have been best friends since kindergarten and I hope that we can still be best friends for the rest of our lives. I love all of you guys. I also want to thank my brothers Matt and Tim for being their crazy and lovable selves. I love you guys. I also want to thank my culinary teachers; Mr. Noe, Mr. Kelly, for helping along the path of my high school career. I also want to thank Ms. Flynn and Niosi for helping me learn that I wish to pursue a career in food and beverage management. I wish to be going to Southern New Hampshire University in the fall of 2014.

I hope to play softball in college to add on to the 7 years of playing softball 2 of which in high school. I played basketball for 7 years and hope to keep the sport on my agenda by coaching little girl's basketball teams. I have been part of a youth group for my church for 6 years. If it wasn't for my mom I wouldn't have played sports outside of school and not realized that I loved it. You always gave me that push to do something that you knew I would love. I hope I made you and dad proud of me. But I do have one question, can we please graduate now I can't wait?

Kathryn McGroarty

Ah, I can't believe we are graduating so soon! The past four years have blurred together. As freshmen, we were just meeting each other for the first time (except my Clifford and Point buddies!), and now all of a sudden, we are seniors!

I'm going to miss having band in the morning with Mr. K, making jokes and playing songs that I grew to love! From the concerts and parades to the "Friday Night Football Games", I'll never forget you, band family!

Volleyball was another important part of my high school years. From the freshmen team all the way to varsity, I couldn't have asked for better coaches or teammates, thanks girls (you know who you are)!

Of course, there are always going to be certain teachers that come to mind when thinking about QHS. I'll never forget you Mr. K, Mrs. Ajemian, Ms. Pritchard, and Mr. Uhlar! Thanks for all that you did for me.

Most of all, I'm going to miss my friends! You all made me laugh and helped me through some tough times. Although we didn't always have classes together, we managed to meet up at lunches and have a blast. Thank you so much, and I would love to write all your names in here, but there are just way too many of you! ;)

Lastly, I don't know how many batches of brownies I made during these four years, but I do know that every last crumb was devoured by teachers, volleyball teammates and friends. But out of all of you, I think Ms. Pritchard got the most!

Thanks for everything QHS and I'll miss our Class of SW4G!

Fernanda Mori (Nanda)

Quincy High was an adventure for me. I got to experience many things that included Computer Skills, Art, Fashion, Healthcare and Choir. I am really going to Miss Quincy High School. I want to give a shout to all the great teachers I had since freshman year. You all helped me success throughout the years. Also, I want to give a huge shout out to every student of the class 2014, wishing you a good luck into your upcoming future.

Hodan Musse

"You were made for this; you can feel it inside your bones." –The Rival.

Tell me who is not eager to graduate? I have been counting down since freshman year. "Get me out of here!" I would say to myself. However, the moment you realize that you are just a handful of months away from graduation, your whole perception changes. Granted, I am still eager to do so. It is scary that I can look back to freshman year as if it was yesterday. High school is a trip, (trip: a burden. If you ever look at this 30 years from now and don't understand what this means) but it is worth it. It has taught me unforgettable things; among those are perseverance, value and wisdom. I have learned who to be and who to not be. I have learned to embrace whatever obstacle is thrown in my way and look at every problem not as a challenge but as an opportunity, because...well? Life is full of them, seriously. There will always be an opportunity knocking at your door, so don't be afraid to open it and take a peak outside despite how loud or scary the knock may sound. I hope that when I look back one day, I am still the same awesome self-proclaimed optimist that I am. The memories I have created with my closest friends in the Quincy High classrooms and outside of them will never be erased. Always remember: breathe, embrace and take on the world one step at a time.

Trang Nguyen

The countdown till graduation is ticking in my ears every day as the morning sun rises. Ever since Freshman year, I have never wished for something so strong until this year, and that is G.R.A.D.U.A.T.I.O.N. Although people may view this as a pessimistic thing, and may view what I write for is portraying graduation as a symbol for Releasement from the dungeons of high school. That is not true at all. I see graduation as the end of my journey in one life and the starting of another. This is to say that through my entire high school year, it has been a long and vigorous journey as I move up the ladder from being a Freshman to a Senior. The three years that I've been at Quincy High School, I suffered and laughed alongside my close friends (H.M., T.L., I.T, T.D., C.N.) as I push through the hardships and challenges that come my way. And through those challenges, I learned to persevere and build my own identity. All the windows of opportunity that I opened prepare me for the next journey as I continue my path down the road that is called life. And for that I couldn't be more thankful.

Brandi Parker

"Finish each day and be done with it. You have done what you could. Some blunders and absurdities no doubt crept in; forget them as soon as you can. Tomorrow is a new day. You shall begin it serenely and with too high a spirit to be encumbered with your old nonsense. " – Ralph Waldo Emerson

Thank you to my wonderful teachers and friends for an incredible four years. To the class of 2014 – I'll miss you all, good luck out there in the real world!

Seniors, The rock, Qs, Texas/highpoint, Dawson's, stewing, B-squad, plumbing, welding, rod the bod, beef patties, trap house party, see you at the reunion class of 2014

Lindsey Schrier

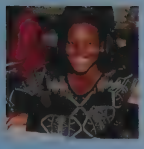
Thanks to Jackie, Sarah, and the rest of the fam, for always keeping it real. Thank you to Mrs. McMillen and Mr. Reardon for being such a big part of QHS Model UN. And thank you to my best friend, Paul, for always being there for me.

You know you love me, xoxo.

Kalauna Seme

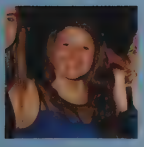
The things that made high school memorable was all the best events that happened when I first came to Quincy High like there was the Rachel Challenge and it inspired me so much. And also there were activities that I was glad to participate and I was glad that I got to support the school as much as I can. Even though there were some ups and downs that was going but I'll still be able to be positive and keep a smile on my face no matter what happens this year. Always keep your head up.

~ I want to give a shout out to my favorite English teacher Ms Eileen Patano because she is the most kind and caring teacher I've ever had for three years. She's like the mother in her class and always puts a smile on her face. I also want to give a shout out to my friends Domonica, Diana and Maurissa for making this year memorable for me. I'll always remember you and you will never be forgotten.



Phyliss St-Hubbert

The time has finally came, graduation is on its way. High school has been some of the best times and worst times of my life. I have grown as person and matured as high school has progressed. I made some friends and lost some friends, and I know who my true friends are. These past fours have went by so fast, I can remember the first day of freshman year and in less then six months it will be my last day of senior year. Even though I cant wait to get out of this school, I am truly going to miss walking in these halls. I cant believe that I am almost adult and is about to start my life in the real world. I wish everyone the best in life and see you at our class reunion.



Krystina Stoker

"I've been looking out of a window for eighteen years, dreaming about what I might feel like when those lights rise in the sky. What if it's not everything I dreamed it would be?"-Rapunzel, Tangled

Its scary to think we are leaving Quincy High and that we are not going to be seeing the same people everyday. These past four years have gone by so fast but there have been so many unforgettable memories. I've learned how to laugh, how to cry, how to love, and most importantly I've learned how to work hard and never give up. Its going to be strange seeing a different group of people everyday. We've spent the past four years growing up together, now the days finally here. How do we say goodbye to a town where we have made our best friends, our best memories,

and have spent most of our life in? Its going to be hard to start over but we can always look bac on our past. Thank you to my friends, my family, and my teachers for helping achieve my goals these past four years. So our lives are starting now, outside of these walls is the real world. We on our own. So good luck class of 2014.

Paola Torres

I can gladly say that I am thankful for my 4 years of High School experience here. My transitio from a small catholic to this large public school was a little confusing but it was easy to fit in an build friendships with new people that I could depend on. Also joining volleyball my freshmen year was really fun and being part of a sport type of environment, for both freshman and soph more year was great. I really felt part of this school as if it were my second home.

I was happy that this schools offered a class in a career path I was interest which was Law Enforcement and was able to have memorable experience such as doing ride alongs with the Quincy Police Department as well as seeing jails and houses of corrections.

I would like to give a s/o to my close friends that have been there since freshmen year with me or I had a great bond with: Kathryn McGroaty, Brandi Parker, Liz Le, Iqrah Tahulid, Claudia Barzola, Joanne Tsang, John George Lima, John Pike, Vinny Petroni and Javier Smith.

Im blessed to have these people on my life that were able to be there for me for not only hard times but laughs too.

I would also like to give a s/o to teachers that I have learned from and that have impacted on a positive way that I will carry in my future: Dr. T, Mrs. Carvalho, Mr. Welch, Mr. Lang, Mrs. Coleman, Mr. Bacceri, Mr. Imhoff, Mrs. Lundquist, Mr. Doyle, and Mr. Pifer. Plus my furnace counselor: Ms. DeGrann

I will never forget our dear classmate Abby Occident, who was a strong fighter with an amazin attitude. RIP 4/7/12

Im really blessed to have all these great people to be there for me and take part of their time to each me and us, especially those that took part of their after school time and cared for education.

Joanne Tsang

I walk into Quincy High School everyday at 7 am since I was a freshman. This was mainly because I've always had a constant fear of being late to school. Also, there was this incredible feeling about walking through a new school and wondering about how my next four years are going to be like. I didn't expect these four years to pass by so fast. It still hasn't hit me that it's senior year. I've heard myself say that, along with other people, but I don't really believe it. These four years have been the best and worst years of my life. From those nights where things just seemed so easy to nights where I want to tear all of my hair out. High School is like a rollet coaster, right now, looks like I'm at the end of the ride and it's time to get off.

Ironically, I've never really been a sports person, but I would go see the football games. I never really understood football, but I would come out anyways to help support the team. The band would always play the national anthem before the start of the game. My friend and I would sing along with the band accompaniment. Most of the time when I went to the games, I'd be helping out at the concession stand. The smell of burgers and fries would fill the air, while the game was playing. Despite the cold weather, the crowd would erupt with chaos when Quincy scored a point. Some people would be hugging, while others would be highfiving each other. It's funny how a simple game, such as football, could bring people together so easily.

I've had many experiences throughout my high school career that benefited me both academically and personally. I've been in the following clubs: Choir, Book Club, Academic Decathlon, Math Club, and Newspaper. I've met so many wonderful friends through these years as well. I've always felt out of place, but being in these clubs and meeting these friends helped me find a place to belong. One of my favorite quotes, which sum up high school in my eyes is "People who understood this told you that high school wasn't the actual world, that it was more like a temporary alternate reality you were forced to believe in for four years. A video game you played, where you could never get next level no matter how hard you tried."
- Deb Caletti, The Six Rules of Maybe

Diana Webby

We did it! We are finally graduating! I'm going to the culinary institute of America! It seemed like it was just yesterday I was looking at my report card in first grade and having 2014 next to YOG and thinking wow that's a long time from now. I moved to quincy junior year and i loved southeastern but I'm pretty sure it was for the best. I made so many great friends like Kelly, Mersadyse, Tiare, Lynn, Amanda, Kristen,Lindsay. You guys made switching schools so much easier and I love you guys! I also want to thank Mr.Kelly and Mr.Noé for inspiring me to want to become a culinary teacher. You guys are the best! I'm so glad I could do dance for the 11 years I did. thank you in sync and onstage! I'm so grateful I could do culinary for four years and participate in skills USA in sophomore year! I'm glad I did future chefs in junior year!

Lindsey Whalen

The last four years here at Quincy High School have been the best four years of my life. I met a lot of amazing people and made a lot of great friends. After high school I would like to go to Bridgewater State University and major in Early Childhood Education.

BOYS HOCKEY

A letter from coach: After having time to reflect upon the 13-14-hockey season, It's now clear what these young men have accomplished. I remember speaking with them at our first hockey meeting, and telling them that we were DONE being a losing hockey program and if they were willing to work and trust the coaching staff we could be successful. I knew by the look in their eyes that we had winners and finishing with an 11-9-2 and the team's first tournament qualification in four years, they proved it. The team has 3 Patriot league ALL STARS (Pat Donovan, 16 goals, 11 assists, Pat Freeman 17 goals, 11 assists, and Brian O'Callaghan 13 goals 15 assists), we also had 2 Patriot leagues all-star honorable mentions (four year varsity starter senior, Matt Davis and junior, Brandon Beal), and Mike Pugsley was selected for the PATRIOT LEAGUE SPORTSMANSHIP award as well. This was a true team in every sense of the word and it took every young man on our roster to achieve the success that we had .We had strong leadership with captains Jimmy Brennick, Pat Donovan, Matt Davis, and Pat Freeman, as well as strong leadership with seniors Matt Kozlowski, Mike Gendreau, Blair Brennan, Steve Bowe and Mike Pugsley. As a first year varsity coach, I couldn't be more proud of this team.

GOOD LUCK SENIORS. Coach Walsh

WRESTLING

Wrestling is a sport like no other. Each year the team goes through extreme conditioning, strict dieting, and numerous hours on the mat long after school. This year's team had an even harder challenge. New coaches were brought in, and numbers for wrestlers this year were low. However the new coaches have been great and formed some of the toughest wrestlers seen in a while. The team practiced hard day in and day out. They knew going into every match they had to "pin to win", meaning they had to get pins every time to win the team meet. A lot of the wrestlers did just that more often than not, but there are only about eight out of the fourteen weight classes filled, which is why our record doesn't accurately represent the skill of the team. We're hoping to get more kids to come out next year in order to prove just how talented our team is.

Throughout these past four years, we have came across many wins and losses. But what really is important is how we came together not as a team, but a family. For the past 3 years we were QNQ swimming and diving with a winning record every season. However this year the girls struggled since our huge team was divided into two: Quincy and North Quincy. This was disappointing for us but the great part about it was that we were able to make our one team into two great teams. The Quincy girls ended up doing much better than expected, placing 5th in the league. The boys, on the other hand, have had their best season yet and were able to place 3rd in the league. We have many unforgettable memories with each other from our team bonding events to practices. We will all definitely miss swimming and of course our awesome coach, Bob!

SADD

SADD is brand new to Quincy High School, initially it started as Student Against Driving Drunk. SADD National realized the potential impact it could make and changed it's name to Students Against Destructive Decisions. Our SADD Chapter's motto is: Let's Make a Difference. The SADD members are excited to get involved with the school and community. SADD holds a Drug Awareness Week, bringing in speakers. They are partnered with the Best Buddies Organization, helping and working with peers that have Intellectual and Developmental Disabilities.

Skills USA

Skills USA is a nation organization that has served more than 275,000 students enrolled in many different technical occupations. SKills USA aims to provide quality education and experience for all who want to make the commitment of joining. Here, at QHS, we emphasize the need for quality skills in members as they will be essential for success in the working world. Skills USA members also compete in competitions in the regional, state and national levels. Students who participate in Skills USA can learn the skills needed to succeed in their chosen careers.

TRACK

This year's Track team boasted a respectable record of 3-3 in their league matchups. For the girls, one senior, standout Brandi Parker who has run track for four years returned to form excelling in the long and triple jumps, as well as the 400 m. The boys seniors who returned were Conroy Hawthorne who exceled in the 200 m, 100 m, and long jump. Lakuan Mason ran both his junior and senior years at Quincy high in the relay, 100 m and 200 m in impressive fashion. Steve Simons ran the mile always competing with impressive times. Rashawn Gray threw the javelin and ran the 400. Senior football captain Alex Alexandre brought his competitive drive and leadership to track, running in the 100, and competing in the long, and triple jumps. This year's track team had an impressive 10 athletes qualify for states in their respective events, which is the best record for Quincy High School in the last 20 years.
This year's team was coached by Head coach John Green, and assistant coaches Tom Baird and Katie Volta

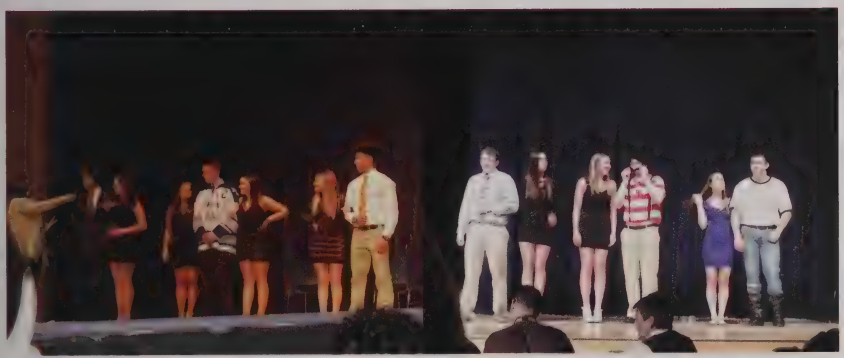
Mr. Quincy High



The Mr. Quincy High School contestants show off their wide range of talents to the audience, including singing, painting, dancing, and standup comedy to name a few.

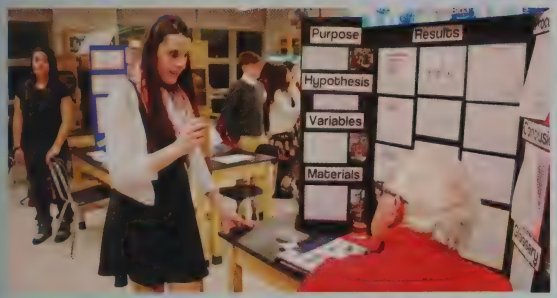
Talent Show

This years talent show was a blast of talent. Ten participants presented their unique talents to the school. This years host was Ellis Hampton keeping the audience entertained while the stage is being prepared.

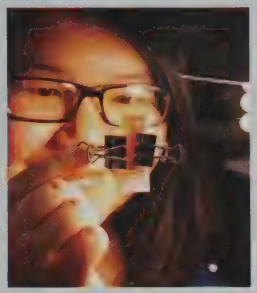
Senior Year Has No Limits!

Sadly only one participant can win the grand prize of $100. It was a hard decision for the judges but they came to the conclusion that our winners this year would be Lydia Culp & Erin McMillen. Second place winners, Gavin O'Hare & Andy Johnson, won a prize of $75 and third winner, Zach Latini, won $50. Mr. Ikeda, Mr. Dole, Ms.Amira, and Mrs. Murray had a difficult time deciding this year's winner as everyone put on a great show. Good Job Quincy High!

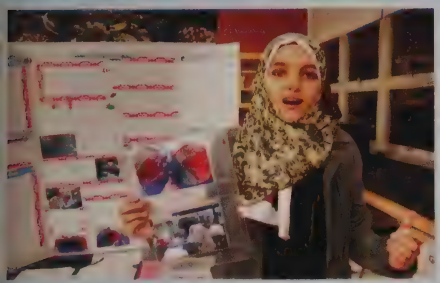
STEM FAIR



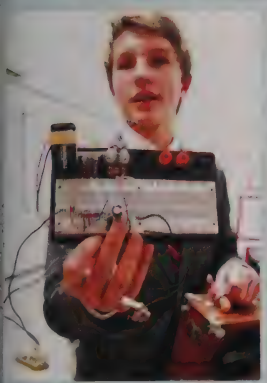
The well known yearly Stem Fair is back! This year's Stem Fair projects have their own unique designs.



SENIOR YEAR HAS NO LIMITS!



Kun Yi Li did a study on the antioxidant qualities of frozen and fresh ingredients.



More than 180 student projects were judged by peers, professionals and teachers from other schools. Up to 15 students will have the opportunity to go to a regional competition at Bridgewater State University on March 15.

Thomas "T.O." Orseno was a beloved member of the Q.H.S. staff. He wasn't just a Custodian, he was a friend. But do not simply take my word for it. Here are some of his closest friends' thoughts:

T.O. was someone whose spirit permeated the building. He gave so much life and energy to Quincy High. His diligence in keeping the building clean and beautiful was about more than just aesthetics; it spoke to his commitment to the staff, students and community. His signature mustache and keen wit brought a smile to so many, and he will be tremendously missed.

~ Mr. and Mrs. Bacchieri

T.O. was the first one to tell you when you screwed up, when you were wrong, and how things could and should be better.

~ Ed Smith

T.O. was a loyal and loving member of our foreign language family. He arrived early every day and made his "rounds" checking to see if we needed anything. He was our eyes and ears, keeping us connected.

~ Janice Hoyt

During my first frightening year at QHS, I was thrown in to run a summer program. T.O. was there in the summer and took care of me. Anything I needed, any supplies, help, whatever... he was there. Checking in on me every day. He took care of me.

~ Julie Krieger

T.O. was a fun-loving person who went above and beyond to help us teachers to get what we needed, move what we had, and fix what he could. He never took anyone or anything too seriously and always had a good story at the end of a long day.
You are missed, T.O.!!

~ Mrs. Mahoney

T.O. had a very intimidating look, but he was one of the nicest people I've met and worked with at QHS.

~ Meghann Murray

It is also kind of funny that he would get annoyed when people called him a "custodian." He would laugh and say that he doesn't need a fancy job title - he was a JANITOR - and proud of it!!!!!

~ Claire Boudreau

T.O. was a wonderful guy. We had great conversations because we had a lot in common. They say people die only if you forget them. I will surely remember him.

~Aileen McGinnity

Remembering Absalom "Abby" Ochieng

Abby lived a short life but left a huge impact on those he met. After struggling with a long battle with Leukemia, Abby lost at the age of 15 on April 7th, 2012.

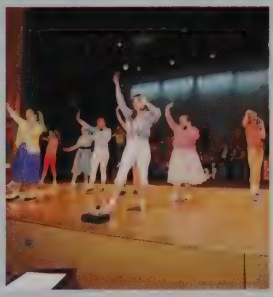
Abby moved to Quincy in 2005 from his home country of Kenya. He attended Merrymount Elementary School as well as Central Middle School. Abby was only able to attend Quincy High School for 9th and 10th grade.

A TRUE FIGHTER.

Throughout his struggle he always remained the same person. Abby was one of the most pleasant people to be around. His smiled brightened any room that he walked into. While Abby was enduring treatment he still attended school when healthy enough, clearly showing his determination. The attitude that Abby had one of the rarest attitudes that you can meet in aperson.

Spring Musical

Directed by Mrs. Spencer. Musical direction by Mr. Batson & Mr. Kenneally. Bye Bye Birdie is the story of 1950s teen icon, Conrad Birdie {Joey Scott/Liam Mahoney}, being drafted into the military.



As one final publicity stunt Conrad's manager, Albert Peterson {Rob Smith}, writes a song called "One Last Kiss" which will be performed on live T.V. before Conrad is shipped off to War.

Senior year has no limits!

The Rockstar travels to Sweet Apple, Ohio to sing the song to one lucky fan, played by Erin McMillen. Conrad's presence in Ohio turns the town upside down as the teen-age girls go wild for the rockstar. The Ensemble Cast featured QHS, Middle School, and Elementary School Kids.

Fashion Show

The Annual QHS Fashion Show, held on April 17th, 2014 was a huge success! There were 100 garments in the show that were presented to a sold out audience. Over the course of 6 months students diligently worked on their pieces. The show started off with 2 eco-friendly dresses, and then moved on to Fashion I sun dresses, followed by a variety of jackets made by Fashion II. The Show ended with 8 mini-collections made by the Fashion Majors. Each collection had its own theme that the designer created. Overall, the show was a memorable experience showcasing everybody's creative talents.

BOYS LACROSSE

We've been doing really good because of the new coaching. Everyone kind of grew together this year and became more of a team. OC and Steve Ross stepped up this year and carried the team. The freshmen also really stepped up to help the older members of the team, especially Thomas Pugsley. But most of all, we just rid the wave.

GIRLS LACROSSE

The 2014 season marked a lot of firsts for the girls lacrosse team; First year for some players to make varsity, first year for some girls to score a goal, first year to have a defensive ride, and first year with a new coach. The seniors were an integral part in the fluidity of the transition from coaches this year and I cant thank them enough. Gabby Zorkers you have an amazing standard for you and those around you. Keep setting goals and you will always accomplish great things. Dom Lucier you have this ability to keep trying even if it doesn't happen the first time, never stop trying, it will happen. Maddy Kamb your are a great communicator and wear your heart on your sleeve, never lose that, it is what makes you such a great person. Olivia Wallace your no nonsense and unmatchable work ethic will take you far, but your wit and smile will keep people loving you. Courtney Ryan your fight, drive, and unwavering strength to stand by what is right can never be matched, keep fighting for what you believe. Kayla McArdle you are a true athlete. Your desire to give it your all no matter what is special but your caring for those around you is what makes you unmatchable. Thank you to the senior class of 2014, remember to have no regrets not even a single letter, and always represent the "Z".

Community Service

The class of 2014 is the first for Quincy Public Schools to graduate with a community service requirement. Every member of the class has completed over 10 hours of service in both their Junior and Senior year. During the past two years, the class of 2014 has volunteered over 10,000+ hours.

Many students have volunteered their time this year to complete community service but there are 9 students who are

Message from McMillen

Community service has been life changing for me:

Over twenty-five years ago I was experiencing a void in my life. At that time I decided to become a Big Sister and was matched with a 12 year-old Cape Verdean girl. I watched this special young girl maneuver and graduate high school, college, become a teacher, get married and even have her first child. While some may say my Little Sister was lucky to have me in her life, I say it was quite the opposite. Through this relationship I found the anchor I was looking for and it was I who reaped the benefits.

My Little Sister [has been] in my wedding, celebrated the births of my children and is someone I now call **family**.

Retirees

Gina Scanlan

Gina was always supportive of teachers but while at Quincy High, her number one priority was the students; everything Gina did was with the kids in mind. She would find time to attend every activity possible including class presentations, club activities, sporting events and drama/chorus productions. Gina would often work behind the scenes to find coverage, get a form signed, or change a schedule to make sure things got done. Her legacy might be finding an exception in policy or bending a rule but it was always done for the benefit or well-being of a student. She had a genuine concern and passion to help every student at Quincy High, they knew where to go when all others said it couldn't be done because Gina would find a way.

Maureen Ajemian

The Early Education and Care Program at Quincy High School, as well as the program for the state of Massachusetts, has progressed and developed as a direct result of Maureen's intellect, leadership, critical thinking skills, curriculum revision, and her consistent and passionate pursuit of the best education for students. Also, she has developed many quality and long-lasting relationships within the city of Quincy and the state. Maureen puts her heart and soul into her teaching. When at QHS, her students are always #1. She has been a role model and has been able to develop and instill a feeling of self-esteem in countless students who needed it badly. So many success stories! Her "kids" come back year after year to see her, talk, thank her, and seek counsel on many of life's events.

Mike Colley

After fifteen years as a valuable member of the Special Education Department, Michael Colley is saying good-bye to teaching. Mike came to Quincy Public Schools after teaching stints in both Stoughton and Brockton. When he first arrived at Quincy High School, Michael taught for three years in Room 10, a behavioral program for high school students. He then became a resource room teacher in the subject of science. Mike was also active in the QEA during his time at Quincy High School serving as a union steward.

THANK YOU FOR ALL THE GUIDANCE AND HELP YOU HAVE SHOWN OVER THE YEARS

Sandi McNiece

Sandi stayed at Sterling for 7 years, and then in 2002 she came to Quincy High School as a member of the English Department when Ron Martin retired. Sandi will forever be an inspiration to the countless students she's served and the many student teachers and new teachers she's mentored over the years. Her last week at Quincy High School for instance she was afterschool with Chris Natalizia working on the school newspaper. She was committed to Quincy students up to the very last minute of her retirement, and her enthusiasm for teaching was just as bright as the day she started Her spark and enthusiasm for teaching will live on through them, and she will be terribly missed by all who were touched by her spirit and kindness. We wish Sandi all the goodness and love that she has shown to her colleagues over the years in her retirement.

Joel Wolfe

After eleven years of teaching Spanish at Quincy High School, Joel is retiring. It's hard to imagine the Spanish program without him. His devotion to high quality teaching and high expectations for learning in his classes is legendary in the department and among students. I knew that when Joel told me he had taught the subjunctive, the students had learned the subjunctive. He was tireless in giving them vocabulary to learn, questions to answer, and lots and lots of practice. This fun, friendly, helpful guy took his work seriously and professionally every day. As one of his students wrote, "He truly is a teacher who takes pride in and enjoys seeing his students succeed."

Judy Bielski

Judy has worn many hats in the math department during her time at Quincy High, including having worked in the Pass and Heritage Programs in the "old" Quincy High School. She spent several years co-teaching with the now retired Mrs. Carol Ryan, but she has spent the last 10 years teaching Algebra at the standard and honors levels. She is a strict but fair disciplinarian and students quickly realize that when they walk into Ms. Bielski's classroom, there are rules that need to be followed in order for learning to take place. Judy always says that her job involves more than teaching students how to "solve equations" and "graph lines;" it is just as important that she help them to learn some of the skills necessary to become productive, functional adults both in the workforce and within their communities.

FUTUREPLANS

Collection of polls and opinions about life after high school

Some people have their plans for the future mapped out. Others are waiting to find their niche in life. Most of us have at least a vision of our life beyond tomorrow. We asked QHS students their thoughts on their future plans.

SHAUNA CANAVAN

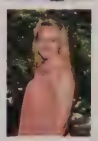
"I'm super excited about living on my own in Boston."

CONOR DANE

"Having unlimited access to food is going to be swaggie!"

TOMMY WAHLBERG

"High school was a good time, hopefully college is too."



TAYLA TERVAKOSKI

"I can't wait to do my own laundry!"

JILL O'LEARY

"I'm looking forward to going to school with my best friend!"

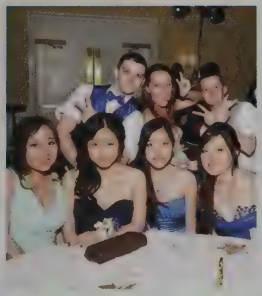
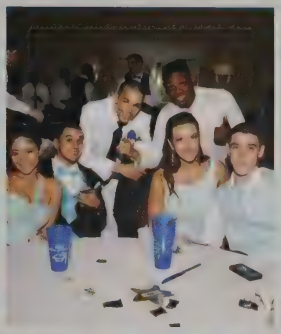
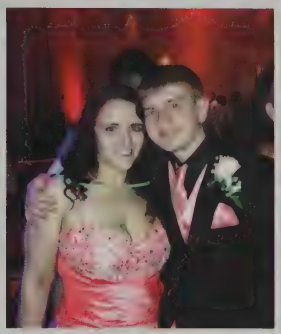
Senior Prom



After four long years prom was a fun time to get together one last time before we all leave. It was filled with dancing, laughing, and memories we'll never forget.

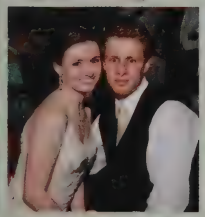
Senior Year has no limits!

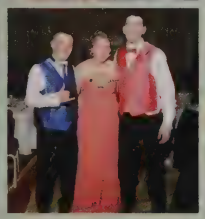




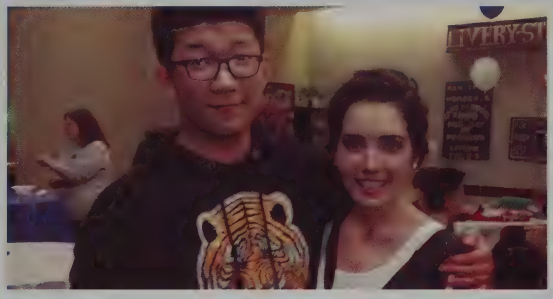
The theme was red carpet and Quincy High seniors showed up to the Marriott wearing their best! Each table was named after a celebrity that included their picture and the students had their name on a star in front of their seat.

Senior Year has no limits!





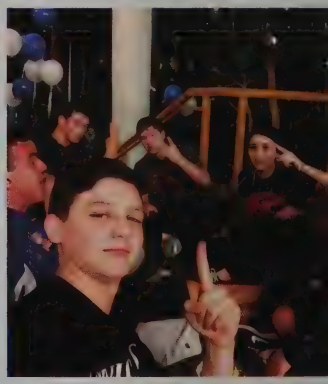
Senior Night Out

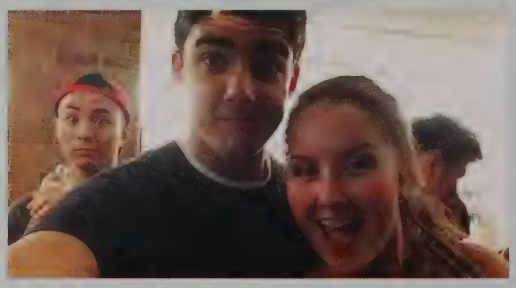


Senior Night Out was a fun night for seniors to spend time together after prom. There were lots of raffles and fun games for everyone to enjoy.

Senior Year has no limits!

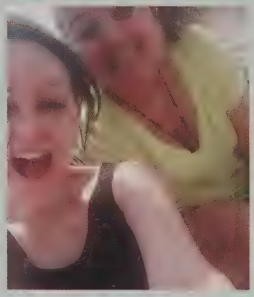
Staying up till five in the morning was a struggle but worth it to win the prizes at the end. The grand prize winners were Micayla Bresnahan, Chris Bock, and Ashmare Appolon who walked away with a signed Bruins jersey, an IPad, and a Macbook Air!





Senior Beach Day

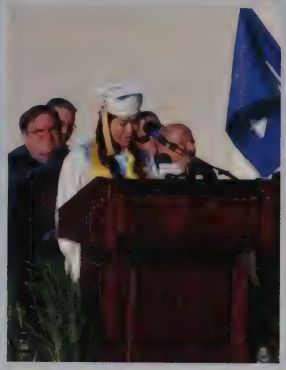
The Seniors took on Nantasket beach together before the year came to an end. The day was filled with swimming, lounging, and beach games.

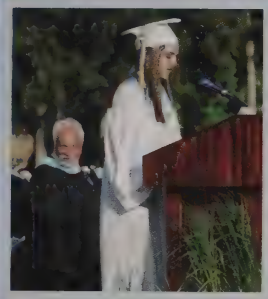


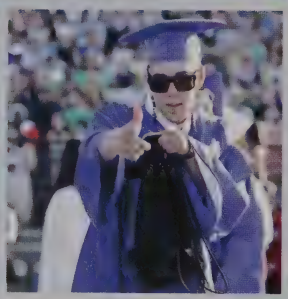
Senior year has no limits!

The weather was beautiful giving people the perfect tan and even sunburns. It was a fun way for everyone to relax to wind down the year. This was one last senior event that we all got to be together as a class. The tanlines will fade but the memories will last forever.

Graduation







Graduation has no limits!

McKayla Johnson, Abby Akoury, Bridget Wahlberg, Angela Hyslip, Jillian O'Leary, and Krystina Stoker, (Top left) pose for a picture before the graduation ceremony.

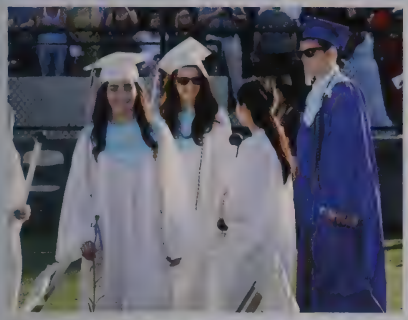
Blair Brennan and Steven Bowe, (Bottom left) smile for the camera as they wait for their diplomas.

Caroline McBride and Colleen Andrews, (Bottom right) take one last picture before graduating high school.



After four long years, everyones hard work finally paid off, with 376 graduates getting their diplomas on June 2nd, 2014. It was fillied with laughter, tears, and more pictures than you could imagine. Good job class of 2014, we did it!

NO LIMITS *to our future*

Our last year at Quincy High has come to a close. After four long years we are actually saying goodbye. In these halls we have helped each other break out of our comfort zones and challenged ourselves to transform our insecurities into strengths. The things we have learned are not merely facts and figures, but life long lessons. With graduation around the corner, it's now time to begin a new chapter in our lives, but the memories made will stay with us forever. This is not an end, but rather a start to a new beginning.

NO LIMITS
